Sommario/riassunto	The Singapore Perspectives series is a yearly publication that provides critical analysis of emerging trends and issues Singapore faces in terms of social, economic and political development. It is a quick and essential reference for understanding the broad policy discussions that animate thought leaders, policy-makers and the public in the country during the immediate period or that are likely to do so in the short and medium term. This edition focuses on how Singapore will cope with the social impact of, first, the development of a dual economy and, second, the adoption of new communications
