

1. Record Nr.	UNINA9910814925603321
Autore	Rudel Thomas K.
Titolo	Tropical forests : regional paths of destruction and regeneration in the late twentieth century // Thomas K. Rudel
Pubbl/distr/stampa	New York : , : Columbia University Press, , 2005 ©2005
ISBN	0-231-13195-X 0-231-50690-2
Descrizione fisica	1 online resource (250 pages) : illustrations, maps
Disciplina	333.751370913
Soggetti	Deforestation - Tropics Rain forest conservation
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Frontmatter -- Contents -- List of Figures -- List of Tables -- Preface -- Acknowledgments -- 1. Introduction -- 2. Theory and Method in Studying Regional Deforestation Processes -- 3. Central America and the Caribbean: Island and Isthmus Deforestation -- 4. The Amazon Basin: The Breakdown of Passive Protection -- 5. West Africa: From Cocoa Groves in Forests to Food Crops in Scrub Growth -- 6. Central Africa: Passive Protections for Rain Forests -- 7. East Africa: Sustainable Spots Surrounded by Degrading Expanses -- 8. South Asia: A Turning Point for Forests? -- 9. Southeast Asia: Deforesting the Lowlands, Afforesting the Highlands -- 10. Through a Regional Lens: Conservation Policies in Large and Small Forests -- Appendix: Case Studies and Accompanying QCAs for Each Region -- Notes -- References -- Index
Sommario/riassunto	In Tropical Forests, Rudel analyzes hundreds of local studies from the past twenty years to develop a much-needed, global perspective on deforestation. With separate chapters on individual regions, including South and Central America, the Caribbean, and Africa, Rudel's work offers an up-to-date assessment of the world's tropical forests. In the concluding chapter, Rudel considers the implications of these trends and describes policy directions for conserving biodiversity and

promoting sustainable development in each region.
