| Sommario/riassunto | "What does the backlash against Critical Race Theory, the Capitol insurrection, Trumpism, Twitter, and neo-Nazis have in common? This book delves deep into conservative social media and far-right extremist platforms to understand the revival and proliferation of far-right authoritarian populist discourses after Trump's ascent to power. After the January 6th Capitol insurrection and the role social media have played in normalizing and promoting far-right populist authoritarianism, there is a renewed interest to study digital discursive aggression. Inspired by Critical Theory, Panayota Gounari masterfully uses Critical Discourse Studies to analyze social media data and articulate a discursive, pedagogical and historical project"-- |
