| Edizione | [1st ed.] |
| Descrizione fisica | 1 online resource (385 p.) |
| Collana | Oxford handbooks |
| Classificazione | YG 6915 |
| Altri autori (Persone) | BrookPeter (Peter Nigel) ConnellJayne PickeringTony |
| Disciplina | 616.0472 |
| Soggetti | Pain - Treatment |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Note generali | Description based upon print version of record. |
| Nota di bibliografia | Includes bibliographical references and index. |
| Nota di contenuto | section 1. Acute pain -- section 2. Chronic pain. |
| Sommario/riassunto | The Oxford Handbook of Pain Management is the essential resource for all clinicians involved in the management of pain. Organised into sections dealing with basic principles of treatment, therapeutic interventions, including non-medical management of pain, and specific clinical situations, the Handbook emphasises the multimodal treatment options available for patients with pain conditions and brings them together to provide a truly biopsychosocial approach to management. Covering both chronic and acute pain, it will help the practitioner to choose the right treatment for the right patient at the right time. |
