Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	pt. 1. Language, words, and meaning -- pt. 2. Consciousness and perception -- pt. 3. Reference and truth -- pt. 4. Rationality and intuition.
Sommario/riassunto	A profoundly arresting integration of the faculties of the mind - of how we think, speak, and see the world. Written with an informality that belies the originality of its insights and the radical nature of its conclusions, this is the author's most important book since his groundbreaking Foundations of Language in 2002.
