Sommario/riassunto	The Western approach to nature has always operated under both spiritual and scientific views. While Christianity decrees that human beings have dominion over nature, evolutionary biology teaches us that we are but highly adapted animals among a biological network of millions of other species. What is our proper relationship to wild animals-and what is our responsibility to them? In The Bullhead Queen, Sue Leaf exemplifies the moral aspect of humans to nature through a collection of engaging meditations on the places she sees every day on Pioneer Lake in east-central Minnesota. Reflecting on th
