Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	pt. 1. Understanding the dark side : malicious intent -- pt. 2. Dissecting malicious behavior -- pt. 3. Applying tools and methods -- pt. 4. Predicting malicious behavior : tools and methods to support a paradigm shift in security.
Sommario/riassunto	A groundbreaking exploration of how to identify and fight security threats at every level This revolutionary book combines real-world security scenarios with actual tools to predict and prevent incidents of terrorism, network hacking, individual criminal behavior, and more. Written by an expert with intelligence officer experience who invented the technology, it explores the keys to understanding the dark side of human nature, various types of security threats (current and potential), and how to construct a methodology to predict and combat malicious behavior. The companion CD demonst
