Strategic patchwork or comprehensive framework? Upside down security strategy development in the European Union; 4. The fight against international terrorism: driver and yardstick for European homeland security
Sommario/riassunto	This book examines the processes and factors shaping the development of homeland security policies in the European Union (EU), within the wider context of European integration.The EU functions in a

complex security environment, with perceived security threats from Islamist terrorists, migration and border security issues, and environmental problems. In order to deal with these, the EU has undertaken a number of actions, including the adoption of the European Security Strategy in 2003, the Information Management Strategy of 2009, and the Internal Security Strategy of 2010. However, de
