Sommario/riassunto	There is growing interest in future scenario planning of the construction industry but a disconnect between thinking about the future at the policy-making level and implementing real change. Constructing Futures: industry leaders and futures thinking in construction takes a thematic approach to the future of the UK construction industry by presenting the results of a series of in-depth interviews conducted with leading construction figures and structuring this material into chapters addressing the key contemporary issues in the industry. These high-profile figures are drawn from a
