Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 291-311) and index.
Nota di contenuto	Identity and power in the past -- Identity and power in the Altiplano -- Investigating and interpreting Tiwanaku -- Ritual, society, and the rise of urbanism -- Tiwanaku : urbanism and social diversity -- Lukurmata : urbanism and community identity -- Urban transformation in Tiwanaku -- Transformation in the Katari Valley and beyond -- State collapse and cultural revolution -- Conclusions.
Sommario/riassunto	The Tiwanaku state was the political and cultural center of ancient Andean civilization for almost 700 years. Identity and Power is the result of ten years of research that has revealed significant new data. Janusek explores the origins, development, and collapse of this ancient state through the lenses of social identities--gender, ethnicity,

occupation, for example--and power relations. He combines recent developments in social theory with the archaeological record to create a fascinating and theoretically informed exploration of the history of this important civilization.
