Choice Outstanding Academic Title! 4 Stars - Doody's!. Praise for the Third Edition:. ""This work will be one that students and clinicians keep on their shelves as the gold-standard reference for health behavior change. Summing up: Essential"". --Choice. Substantially revised to reflect current trends in the field of health behavior change, this new edition of the highly acclaimed ""gold standard"" text continues to provide a comprehensive overview of behavior change as it relates to public health. It has been extensively reorganized to eliminate redundancies in the earlier edition, and takes
