The discussion is set in its historical context but the main emphasis is on the idea of global citizenship as a cultural process, and its application in the modern world. The book is divided into three parts - the

Framework, which explores the historical context and the ethical and institutional aspects of the concept of global citizenship; Applications,

environment, aid and poverty elimination, human rights, peace, and global governance; and Theoretical Issues, which explores the

covering key areas of current global concern, including the

arguments for and against global citizenship in more depth.Key FeaturesIncludes a glossary of key termsCovers ethical, social and political theoryIncludes chapters on the environment, aid and poverty, human rights, peace, and global governanceAddresses key issues in contemporary political and international studiesPlaces issues surrounding September 11th in context of Global CitizenshipCovers role of the UN; anti-globalisation campaigns (e.g. in Genoa); corporate global citizenship; Oxfam; Amnesty International; Jubilee 2000Assuming no prior knowledge of the area, this is an ideal introduction for anyone interested in the idea of global citizenship.
