Bullous pemphigoid -- Dermatitis herpetiformis -- Alopecia areata --  
Urticaria -- Conditions common in children -- Diaper dermatitis --  
Haemangiomas -- Miliaria -- Pityriasis alba (patchy hypochromia) --  
Acne vulgaris -- Pruritus -- Tropical ulcers -- Antimicrobial drugs --  
Aciclovir -- Benzylpenicillins -- Clioquinol -- Erythromycin --  
Methylrosanilinium chloride (gentian violet) -- Neomycin + bacitracin  
-- Tetracycline -- Tiabendazole -- Antifungal drugs -- Amphotericin  
B.  
Benzoic acid + salicylic acid (Whitfield's ointment) -- Clotrimazole --  
Econazole -- Fluconazole -- Flucytosine -- Griseofulvin --  
Itraconazole -- Ketoconazole -- Miconazole -- Nystatin -- Potassium  
iodide -- Selenium sulfide -- Sodium thiosulfate -- Terbinafine --  
Antiseptic agents -- Aluminium diacetate -- Potassium permanganate  
-- Silver nitrate -- Keratoplastic and keratolytic agents -- Benzoyl  
peroxide -- Coal tar -- Dithranol -- Salicylic acid -- Tretinoin --  
Scabicides and pediculicides -- Benzyl benzoate -- Lindane --  
Permethrin -- Anti-inflammatory and antipruritic drugs<sup>1</sup> --  
Betamethasone -- Calamine lotion -- Hydrocortisone -- Prednisolone  
-- Antiallergics and drugs used in anaphylaxis -- Chlorphenamine --  
Alternative antihistamines -- Epinephrine -- Ultraviolet radiation-  
blocking agents (sunscreens) -- p-Aminobenzoic acid (PABA) --  
Benzophenones, cinnamates, dibenzoylmethanes, salicylates --  
Titanium dioxide -- Zinc oxide -- Miscellaneous drugs -- Dapsone --  
Fluorouracil -- Methoxsalen -- Podophyllum resin -- Annex --  
Classification of topical corticosteroids -- Index.
