Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	This is an informal history of modern economic thought as told through autobiographical chapters by twenty-three Nobel Prize laureates in Economics. The chapters not only provide unique insights into major economic ideas of our time but also shed light on the processes of intellectual discovery and creativity. This edition adds four recent Nobelists to its pages: Eric Maskin, Joseph Stiglitz, Paul Krugman, and Peter Diamond.
