Sommario/riassunto	Critically tests Mowinckel's hypothesis about the 'enthronement festival of Yahweh' and asks whether this theory finds any support in the epic literature of Ugarit. Petersen tests Sigmund Mowinckel's classical hypothesis about the enthronement festival of Yahweh and especially whether this theory, as urged by the followers of Mowinckel, finds any support in the epic literature of Ugarit. A careful study of the two corpora of texts, the Old Testament Psalms and the Ugaritic Baal-cycle,

together with a discussion of the methodology of the cultic interpretation, shows the weaknesses of the hypoth
