Nota di contenuto	The shadow government's secret religion -- How the US intelligence community came out of the shadows -- How to be a rogue superpower -- Mistaking omniscience for omnipotence -- Definitions for a new age -- Why Washington can't stop -- Overwrought empire -- The Obama contradiction -- Destroying the planet for record profits -- A golden age for journalism.
Sommario/riassunto	"In his new book, Tom Engelhardt takes in something new under the sun: what is no longer, as in the 1960s, a national security state, but a global security one, fighting secret wars that have turned the president into an assassin-in-chief. Shadow Government offers a powerful survey of a democracy of the wealthy that your grandparents wouldn't have recognized"--
