Sommario/riassunto

Regulation on Navigation of Foreign Vessels: Asia-Pacific State Practice focuses on one of the most contentious and diverse subject areas of the international law of the sea: foreign vessel rights of navigation in national waters. Featuring contributions from leading scholars in the law of the sea, the book is organized in four parts in accordance with the geography of the Asia-Pacific region: Northeast Asia; Southeast Asia; North America; and Australasia. The volume examines the divergence and uniformity of state practice and legal cultures impacting the legislation concerning oceans and ocean activities.
