Sommario/riassunto

For a long time now it has been common understanding that Africa played only a marginal role in the First World War. Its reduced theatre of operations appeared irrelevant to the strategic balance of the major powers. This volume is a contribution to the growing body of historical literature that explores the global and social history of the First World War. It questions the supposedly marginal role of Africa during the Great War with a special focus on Northeast Africa. In fact, between 1911 and 1924 a series of influential political and social upheavals took place in the vast expanse between Tripoli and Addis Ababa. The First World War was to profoundly change the local balance of power. This volume consists of fifteen chapters divided into three sections. The essays examine the social, political and operational course of the war and assess its consequences in a region straddling Africa and the Middle East. The relationship between local events and global processes is explored, together with the regional protagonists and their agency. Contrary to the myth still prevailing, the First World War did have both immediate and long-term effects on the region. This book highlights some of the significant aspects associated with it.

2. Record Nr.	UNICAMPANIAVAN0113891
Autore	Mosheim, Johann Lorenz <1693-1755>
Titolo	Dell'istoria ecclesiastica antica e moderna dalla nascita di Gesu' Cristo sino al principio del presente secolo 18. [1.1]

Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Sommario/riassunto	This book studies the HBO program Girls from multiple perspectives by

comparing the series to similar programs from decades past as well as to the show's contemporaries in the present. By examining the show through the lenses of gender, race, sexuality, and culture. This book synthesizes and analyzes many of the most pressing issues that have surfaced in a show that has firmly etched itself in the fabric of early twenty-first century popular culture.
