Sommario/riassunto	Brian Michael Jenkins presents a clear-sighted and sobering analysis of where we are today in the struggle against terrorism. Jenkins, an internationally renowned authority on terrorism, distills the jihadists' operational code and suggests how they might assess their situation very differently from how we might do so. He distills the jihadists' operational code and outlines a ferociously pragmatic but principled approach that goes beyond attacking terrorist networks and operational capabilities to defeating their entire missionary enterprise by deterring recruitment and encouraging defections
