2. Record Nr.	UNINA9910816101003321
Autore	McGrath John (Guitarist)
Titolo	Samuel Beckett, repetition and modern music / / John McGrath
Pubbl/distr/stampa	Abingdon, Oxon ; ; New York, NY : , : Routledge, , 2018
ISBN	1-317-05965-4 1-315-60756-5 1-317-05964-6
Descrizione fisica	1 online resource (191 pages) : illustrations
Disciplina	780/.082
Soggetti	Music and literature Music - 20th century - History and criticism Repetition in literature Repetition in music
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	chapter 1 Music and literature / John McGrath -- chapter 2 Repetition in music and literature / John McGrath -- chapter 3 Musico-literary interaction in modern Ireland and the musical aesthetic of Samuel Beckett / John McGrath -- chapter 4 Beckett's semantic fluidity -- Repetition in the later work / John McGrath -- chapter 5 Beckett and Feldman -- Time, repetition and the liminal space / John McGrath -- chapter 6 Improvising Beckett -- Chance, silence and repetition / John McGrath.
Sommario/riassunto	"Music abounds in twentieth- century Irish literature. Whether it be the "thought-tormented" music of Joyce's "The Dead", the folk tunes and opera that resound throughout Ulysses, or the four- part threnody in Beckett's Watt, it is clear that the influence of music on the written word in Ireland is deeply significant. Samuel Beckett arguably went further than any other writer in the incorporation of musical ideas into his work. Musical quotations inhabit his texts, and structural devices such as the da capo are metaphorically employed. Perhaps most striking is the erosion of explicit meaning in Beckett's later prose brought about through an extensive use of repetition, influenced by his reading of Schopenhauer's philosophy of music. Exploring this notion of "semantic

fluidity", John McGrath discusses the ways in which Beckett utilised extreme repetition to create texts that operate and are received more like music. Beckett's writing has attracted the attention of numerous contemporary composers and an investigation into how this Beckettian "musicalised fiction" has been retranslated into contemporary music forms the second half of the book. Close analyses of the Beckett-inspired music of experimental composer Morton Feldman and the structured improvisations of avantjazz guitarist Scott Fields illustrate the cross- genre appeal of Beckett to musicians, but also demonstrate how repetition operates in diverse ways. Through the examination of the pivotal role of repetition in both modernist music and literature of the twentieth century, John McGrath's book is a significant contribution to the field of Word and Music Studies."--Provided by publisher
