Sommario/riassunto	This dictionary features the entertaining histories behind hundreds of eponyms, such as bowdlerize (from the censorious Thomas Bowdler), bikini from the atoll, and the Salisbury steak, a dish of hamburger and brown gravy named after James H. Salisbury, an English physician who promoted a diet of ground beef. There are hundreds more - discover to whom we owe the terms hooker, sideburn, zeppelin, the cardigan sweater, pamphlet, robot, and argyle socks.
