Sommario/riassunto	Global Perspectives on the Rule of Law is a collection of original research on the rule of law from a panel of leading economists, political scientists, legal scholars, sociologists and historians. The chapters

critically analyze the meaning and foundations of the rule of law and its relationship to economic and democratic development, challenging many of the underlying assumptions guiding the burgeoning field of rule of law development. The combination of jurisprudential, quantitative, historical/comparative, and theoretical analyses seeks to chart a new course in scholarship on t
