Sommario/riassunto

Pictures from the Bronze Age are numerous, vivid and complex. There is no other prehistoric period that has produced such a wide range of images spanning from rock art to figurines to decoration on bronzes and gold. Fourteen papers, with a geographical coverage from Scandinavia to the Iberian Peninsula, examine a wide range of topics reflecting the many forms and expressions of Bronze Age imagery encompassing important themes including religion, materiality, mobility, interaction, power and gender. Contributors explore specific elements of rock art in some detail such as the representation of
