Sommario/riassunto	"In this stirring follow-up to the award-winning Fostering Resilient Learners, Kristin Van Marter Souers and Pete Hall take you to the next level of trauma-invested practice. To get there, they explain, educators need to build a "nest"—a positive learning environment shaped by three new Rs of education: relationship, responsibility, and regulation. Educators have a unique opportunity to influence students' learning, attitudes, and futures. This book will invigorate your practice and equip you to empower those you serve—whatever their personal histories." --
