

1. Record Nr.	UNINA9910816320303321
Autore	Cela Conde Camilo Jose
Titolo	Human evolution : trails from the past // Camilo J. Cela-Conde and Francisco J. Ayala
Pubbl/distr/stampa	Oxford ; ; New York, : Oxford University Press, 2007
ISBN	9786611160272 1-281-16027-X 0-19-152443-3 1-4356-0973-5
Edizione	[1st ed.]
Descrizione fisica	vii, 437 p. : ill., maps
Collana	Oxford biology
Altri autori (Persone)	AyalaFrancisco Jose <1934->
Disciplina	569.9
Soggetti	Fossil hominids Paleoanthropology Human evolution
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (p. 377-417) and index.
Nota di contenuto	Preface : Homo sapiens, the rational animal -- Evolution, genetics, and systematics -- The evolution of hominoids -- The hominin lineage -- Miocene and Pliocene genera and species -- Pliocene hominins : South Africa and the Rift Valley -- The Pliocene cladogenesis : paranthropus versus homo -- The radiation of homo -- Evolutionary characteristics of the erectus grade -- The late-Pleistocene transition -- The uniqueness of being human.
Sommario/riassunto	This book is intended as a comprehensive overview of hominid evolution, synthesising data and approaches from physical anthropology, genetics, archaeology, psychology and philosophy. Human evolution courses are now widespread and this book has the potential to satisfy the requirements of most, particularly at the advanced undergraduate and graduate level. It is based on a translation, albeit with substantial modification, of a successful Spanish languagebook.
