Ilyenkov's Post-Cartesian Anti-Dualism / Alex Levant -- Bibliography of Evald Ilyenkov's Works -- References -- Index.
Sommario/riassunto	In Dialectics of the Ideal: Evald Ilyenkov and Creative Soviet Marxism Levant and Oittinen provide a window into the subterranean tradition of 'creative' Soviet Marxism, which developed on the margins of the Soviet academe and remains largely outside the orbit of contemporary theory in the West. With his 'activity approach', E.V. Ilyenkov, its principal figure in the post-Stalin period, makes a substantial contribution toward an anti-reductionist Marxist theory of the subject, which should

be of interest to contemporary theorists who seek to avoid economic and cultural reductionism as well as the malaise of postmodern relativism. This volume features Levant's translation of Ilyenkov's *Dialectics of the Ideal* (2009), which remained unpublished until thirty years after the author's tragic suicide in 1979. Contributors include: Evald Ilyenkov, Tarja Knuuttila, Alex Levant, Andrey Maidansky, Vesa Oittinen, Paula Rauhala, and Birger Siebert.
