Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Translated from the Italian. This edition previously issued in print: 2016.
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	This text is a rehabilitation sensibility. It defines what we call sensibility or sensible life by defining the ontological status of images. It shows that images have an intermediate ontological status and exist in an autonomous sphere. It also explores our interactions with images in dream, fashion, and language.
