Sommario/riassunto	This account of the Oxford or Tractarian movement provides essential information to the study of English church history and the history of England during the Victorian era. This book is an up-to-date, scholarly but approachable exploration of the Movement which features primary material from a range of its key members. Herring looks at the relationship between the Movement and the older, pre-1833 High Church tradition and, crucially, at developments after Newman's departure for Rome in 1845. By placing the Tractarians in the general political and social context of Victorian movements that sought
