Time-images; Gloss on Vilem Flusser, Towards a Philosophy of Photography (1983); Glossary; Notes; Bibliography; Index
Sommario/riassunto	Photography: History and Theory introduces students to both the history of photography and critical theory. From its inception in the nineteenth century, photography has instigated a series of theoretical debates. In this new text, Jae Emerling therefore argues that the most insightful way to approach the histories of photography is to address simultaneously the key events of photographic history alongside the theoretical discourse that accompanied them. While the nineteenth century is discussed, the central focus of the text is on modern and contemporary photographic t
