Sommario/riassunto	Over the past twenty years, the Latino population in the Midwest has grown rapidly, both in urban and rural areas. As elsewhere in the country, shifting demographics in the region have given rise to controversy and mixed reception. Where some communities have

greeted Latinos openly, others have been more guarded. In spite of their increasing presence, Latinos remain the most marginalized major population group in the country. In coming years, the projected growth of this population will require greater attention from policymakers concerned with helping to incorporate them into the nation's co
