Sommario/riassunto	It is customarily assumed that the Hebrew word BMH denotes a "high place," first a topographical elevation and derivatively a cult place elevated either by location or construction. This book offers a fresh, systematic, and comprehensive examination of the word in those biblical and post-biblical passages where it supposedly carries its primary topographical sense. Although the word is used in this way in only a handful of its attestations, they are sufficiently numerous and contextually diverse to yield sound systematic, rather than ad hoc, conclusions as to its semantic content.
