Sommario/riassunto

Each year a growing number of complex and distinctive cases are filed in diverse forums which specialize in international investment arbitration. Until now, however, no single manual has guided practitioners through the many complexities involved in international investment arbitration proceedings - from whether and how to initiate arbitral proceedings to the enforcement of the award and available post-award remedies. *Litigating International Investment Disputes: A Practitioner's Guide* fills this lacuna by serving as a comprehensive resource for those who are new to international investment arbitration, as well as for the seasoned practitioners. The diverse group of contributors are highly experienced experts and practitioners, who have acted as counsel and arbitrators, and served in institutions which routinely administer international investment arbitration proceedings.
