Sommario/riassunto

The 2008 volume of The China Society Yearbook , the third volume in the annual China Society Blue Book series to be translated into English, contains important statistics and analysis from Chinese scholars on a wide array of social issues in China. Topics explored in this volume include employment, social security, national health insurance, labor security, political participation, the internet, food safety, corruption, and quality of life. Along with analysis, this volume offers recommendations and insight into the daunting issues and opportunities facing China as it transitions into a free-market system.
