

1. Record Nr.	UNINA9910816986503321
Autore	Lindenmayer David
Titolo	Forest pattern and ecological process : a synthesis of 25 years of research // David Lindenmayer
Pubbl/distr/stampa	Collingwood, Vic., : CSIRO Pub., 2009
ISBN	0-643-10000-8 1-283-15558-3 9786613155580 0-643-09830-5
Edizione	[1st ed.]
Descrizione fisica	1 online resource (321 p.)
Disciplina	583.7661709945
Soggetti	Forest ecology - Australia - Victoria Forest biodiversity - Australia - Victoria Forest animals - Australia - Victoria Forest conservation - Australia - Victoria Eucalyptus regnans - Ecology - Australia - Victoria
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [271]-302) and index.
Nota di contenuto	pt. I. Introduction and background -- pt. II. Forest cover and composition of the forest -- pt. III. The structure of the forest -- pt. IV. Animal occurrence -- pt. V. Disturbance regimes -- pt. VI. Forest management and biodiversity conservation -- pt. VII. Conclusions and future directions.
Sommario/riassunto	A major synthesis of 25 years of intensive research about the montane ash forests of Victoria.
