Sommario/riassunto

The military imposes unique and often severe challenges to couples, which clinicians - particularly the growing numbers of civilian clinicians who see military couples - often struggle to address. These problems are only compounded by misunderstandings and misconceptions about what it means to be part of a specific branch of the military and part of the military as a whole. Handbook of Counseling Military Couples includes a clear, thorough introduction to military culture and to couple relationships in the military. But more than that, it provides readers with expert analyses of th
