Sommario/riassunto	<p>Biographical note: Bernd Spillner is professor of Romance Studies and General Linguistics at the University of Duisburg-Essen (Germany). His research focuses on stylistics and rhetoric, semantics, text linguistics and terminology research, cross-language comparison, contrastive linguistics, and foreign language didactics. Conferences and lectures have led him on all continents.</p> <p>Long description: Linguistic errors are manifold, e.g. in the mother tongue, in the acquisition of foreign languages, in translations, as slip of the tongue or typo. The present compilation of all subject-related publications is a comprehensive bibliography for the field of linguistic errors. In a compact introduction, Bernd Spillner additionally provides an overview of linguistic, didactic and psycholinguistic methods of the analysis and assessment of the errors and their therapy. For the first time, publications from numerous countries around the world were included which have not yet been considered. With more than 6.000 titles, this is a very useful handbook for all linguists and teachers.</p>
