

1. Record Nr.	UNINA9910817101703321
Autore	Cox Stan
Titolo	Any way you slice it : the past, present, and future of rationing // Stan Cox
Pubbl/distr/stampa	New York, : New Press, 2013
ISBN	1-59558-884-1
Edizione	[1st ed.]
Descrizione fisica	1 online resource (335 p.)
Disciplina	339.4/7
Soggetti	Rationing Economic development - Environmental aspects Consumption (Economics) Pricing
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	""[CONTENTS]""; ""Acknowledgments""; ""Introduction""; ""1: The Material Equivalent of War""; ""2: Is There a Ration Card in Your Future?""; ""3: Fair Skies""; ""4: a€?And Not a Lot to Drink""; ""5: Our Monthly Bread""; ""6: Painful Questions, Elusive Answers""; ""7: Slowing Down with The Joneses""; ""Notes""; ""Index""; ""Celebrating Independent Publishing""
Sommario/riassunto	Rationing: it's a word--and idea--that people often loathe and fear. Health care expert Henry Aaron has compared mentioning the possibility of rationing to "shouting an obscenity in church." Yet societies in fact ration food, water, medical care, and fuel all the time, with those who can pay the most getting the most. As Nobel Prize-winning economist Amartya Sen has said, the results can be "thoroughly unequal and nasty." In Any Way You Slice It, Stan Cox shows that rationing is not just a quaint practice restricted to World War II memoirs and 1970s gas station lines. Instead, he persuasively argues that rationing is a vital concept for our fragile present, an era of dwindling resources and environmental crises. Any Way You Slice It takes us on a fascinating search for alternative ways of apportioning life's necessities, from the goal of "fair shares for all" during wartime in the 1940s to present-day water rationing in a Mumbai slum, from the

bread shops of Cairo to the struggle for fairness in American medicine and carbon rationing on Norfolk Island in the Pacific. Cox's question: can we limit consumption while assuring everyone a fair share? The author of *Losing Our Cool*, the much debated and widely acclaimed examination of air-conditioning's many impacts, here turns his attention to the politically explosive topic of how we share our planet's resources.
