Sommario/riassunto	John Zinkin's new book on Challenges in Implementing Corporate Governance is a welcome addition for board members and senior management on how to improve corporate governance in the post-crisis period. John correctly identifies that most boards on underperforming companies have three elements of failure: a lack of proper understanding of the business and its strategy; a total lack of appreciation of both the strategic and systemic risks created by new product markets; and a total failure by boards to ensure that the incentive structures for top management reflect long-term needs rather
