Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	"Antipas L. Harris, a theologian and community activist, believes that biblical Christianity is more affirmative of cultural diversity than many realize. In this sweeping social, theological, and historical examination of Christianity, Harris responds to a list of hot topics from young Americans who struggle with the perception that Christianity is detached from matters of justice, identity, and culture. He also looks at the ways in which American evangelicalism may have incubated the race problem. Is Christianity the White Man's Religion? affirms that ethnic diversity has played a powerful role in the formation of the Old and New Testaments and that the Bible is a book of justice, promoting equality for all people."--
