

1. Record Nr.	UNINA9910817543803321
Titolo	Guidelines on electrochemical corrosion measurements // published for the European Federation of Corrosion by the Institute of Metals
Pubbl/distr/stampa	London ; ; Brookfield, Vt., : Institute of Metals, 1990
ISBN	1-907625-81-X 1-60119-174-X
Edizione	[1st ed.]
Descrizione fisica	64 p. : ill
Collana	European Federation of Corrosion publications : a working party report ; ; no. 4 Book ; ; no. 497
Soggetti	Corrosion and anti-corrosives Electrolytic corrosion
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Intro -- Contents -- European Federation of Corrosion - Series Introduction -- Foreword -- Introduction -- Chapter 1 Instrumentation, Performance and Calibration -- Chapter 2 Design of Electrochemical Cells -- Chapter 3 Electrode Design -- Chapter 4 Reference Electrodes -- Chapter 5 Effects of Speciman Preparation and Surface Condition -- Chapter 6 Evaluation and Compensation of Ohmic Drop -- Chapter 7 Automatic Measurement Systems -- Chapter 8 Field Testing.
