Sommario/riassunto	<P>Drawing on the work of Allan Schnaiberg, this book returns political economy to green criminology and examines how the expansion of capitalism shapes environmental law, crime and justice. The book is organized around crimes of ecological withdrawals and ecological additions.</P><P></P><P>The Treadmill of Crime is written by acclaimed experts on the subject of green criminology and examines issues such as the crime in the energy sector as well as the release of toxic waste into the environment and its impact on ecosystems. This book also sets a new research agenda by highlighting problems of
