Sommario/riassunto	The scope of Philosophy in Multiple Voices provides the reader with eight philosophical streams of thought-African-American, Afro-Caribbean, Asian-American, Feminist, Latin-American, Lesbian, Native-American and Queer-that introduce readers to alternative, complex philosophical questions concerning gendered, sexed, racial and ethnic identities, canon formation, and meta-philosophy. The overriding theme of the text is that philosophy is pluralistic in voice, rich in diversity, and ought to valorize democratic intellectual spaces of philosophical engagement.
