Sommario/riassunto	The international history of the development of the atomic bomb, its first use against Japan, and the Cold War nuclear arms race that it gave rise to. - ;The US decision to drop an atomic bomb on the Japanese city of Hiroshima on 6 August 1945 remains one of the most controversial events of the twentieth century. However, the controversy over the rights and wrongs of dropping the bomb has tended to obscure a number of fundamental and sobering truths about the development of this fearsome weapon. The principle of killing thousands of enemy civilians from the air was already well established by
