Selikoff and the International Association; Chapter 9 New York and Beyond; Chapter 10 Proscription or Precautions?; Chapter 11 OSHA and the Asbestos Standard; Chapter 12 All at Sea?; Chapter 13 Conclusion; Notes; Bibliography; Index
Sommario/riassunto	Beyond the Factory Gates examines the issue of asbestos and health in the USA between the early 1900's to the mid-1970s. Areas covered include the emergence of medical concern about the three fatal diseases related to asbestos (asbestosis, lung cancer and mesothelioma); the actions of the US Navy (the main consumer of asbestos-based insulation products); the response of the federal government before and after enactment of the Occupational Safety and Health Act in 1970; and the roles of organized labour and the asbestos

industry. The book provides an important insight into occupational health an
