Sommario/riassunto

The volume will provide a coherent critical examination of current issues related to the religious roots of contemporary, i.e. post-1990 European identity, by analyzing the components of contemporary European identity, the presence of religion in the development of national identities, manifestation of religious roots in secular society, and the role of religion in further European integration and social inclusion. The publication will involve a multi and interdisciplinary approach to the theme, by bringing together scholars in history, religious studies, sociology, cultural studies, European
