Nota di contenuto	Introduction : combating poverty, respecting economic human rights -- U.S. welfare policy : from supporting motherhood to a war against the poor -- Building character through adversity : general outcomes of welfare reform -- Varieties of little-noticed suffering : deconstructing welfare-reliant families -- Combating family poverty : how other affluent nations are more successful, and why this is so -- Establishing respect for economic human rights in the United States.
Sommario/riassunto	This groundbreaking new book offers a history of welfare, an accurate portrayal of welfare recipients and an understanding of the diverse characteristics of lone-mother-headed families affected by welfare reform. Through detailed research, award-winning author Kenneth J. Neubeck offers a unique comparison of other industrialized nation's welfare policies compared to ours, and presents a new argument for curtailing the end of welfare as we know it: the case for respecting economic human rights.
