Nota di contenuto	Cover; CONTENTS; Introduction; Chapter 1 Phonetics; Chapter 2 Phonemics; Chapter 3 Morphology; Suggested further readings; Appendix I: Answers to exercises; Appendix II: Clear texts of reading exercises
Sommario/riassunto	Elements of German fills a gap in advanced undergraduate and beginning graduate levels of German language study by presenting more advanced concepts of the language in a light intended for practical use rather than theoretical discourse. This text provides a means to improve knowledge and command of grammatically correct German as it is spoken and written. It also introduces methods and tools of linguistic analysis in the areas of phonology and morphology.
