Sommario/riassunto	How can teachers help parents to get involved with their children's learning? Maths at home is full of activities designed to fit in with the Key Stage 2 Numeracy topics. Teachers can photocopy the appropriate sheet and send it home for parents and children to work on together. Each activity has a set of explanatory notes for teachers and a photocopiable worksheet. Instructions to parents are clearly presented, with resources listed. The activities are practical and enjoyable, covering everyday mathematical tasks, such as calculating shopping bills, estimating quantities and looking at timetab
