A nation of Wirtschaftswunder? -- From immigration to integration -- Refugees and asylum seekers -- Conclusion -- Epilogue : towards a critical immigration dialectic.
Sommario/riassunto	"Immigration is an integral part of national identity in settler societies such as Canada. But in countries where identity is defined more in ethnic terms, such as Germany, the presence of immigrants has only recently begun to be acknowledged. Taking these two countries as case studies, Immigration Dialectic explores national identity as imagined through media-based discourses of immigration."--Page [i].
