Sommario/riassunto	This volume highlights several of the areas of tension and difficulty that have met psychoanalysis since its inception, and provides an incisive, informative history of various attempts to surmount these, finally leading to the author's own suggestions for a practice of psychoanalysis that remains open to the vicissitudes of the infinite set of processes of the human mind. In drawing from clinical examples and his own experience in addition to a wealth of psychoanalytic theory, the author examines such topics as the referential role of theory and the significance of the analytic space from bot
